WELCOME GUIDE 2026

HELLO

HEY, I'M LISA.

My inspiration comes from the places I've traveled, from the warmth of old European craft and the honest simplicity of Scandinavian design to the calm restraint of Japan.

My eye was shaped in merchandise marketing in Los Angeles and San Francisco, where I learned how composition, color and texture can change the way a space feels. Since then, I've built on my interior design degree with NKBA certification in kitchen & bath design. Over the past fifteen-plus years, my career has taken me from boutique luxury design firms in Minneapolis and Denver to a vintage furniture showroom, where I learned the value of restoring and reupholstering Danish modern pieces. Most recently, my time at a Boulder-based design-build firm trained me in buildability and construction. Together, these experiences have given me the confidence, language and resources to see every project through, backed by a trusted network of industry peers I value and respect.

What brings me the most joy is the journey we take together, discovering how you live and what makes a home meaningful and timeless to you.

OUR VALUES

WHAT WE BELIEVE.

01

CONNECTION

Design rooted in the people and the stories that have shaped their lives. Our goal is a home that not only looks beautiful, but feels like you.

02

TIMELESSNESS

We are devoted students of architecture and design that has stood the test of time. There is a reason certain proportions, certain details, certain rooms still feel right decades later, and we study them closely so your home can hold that same quiet permanence.

03

INTEGRITY

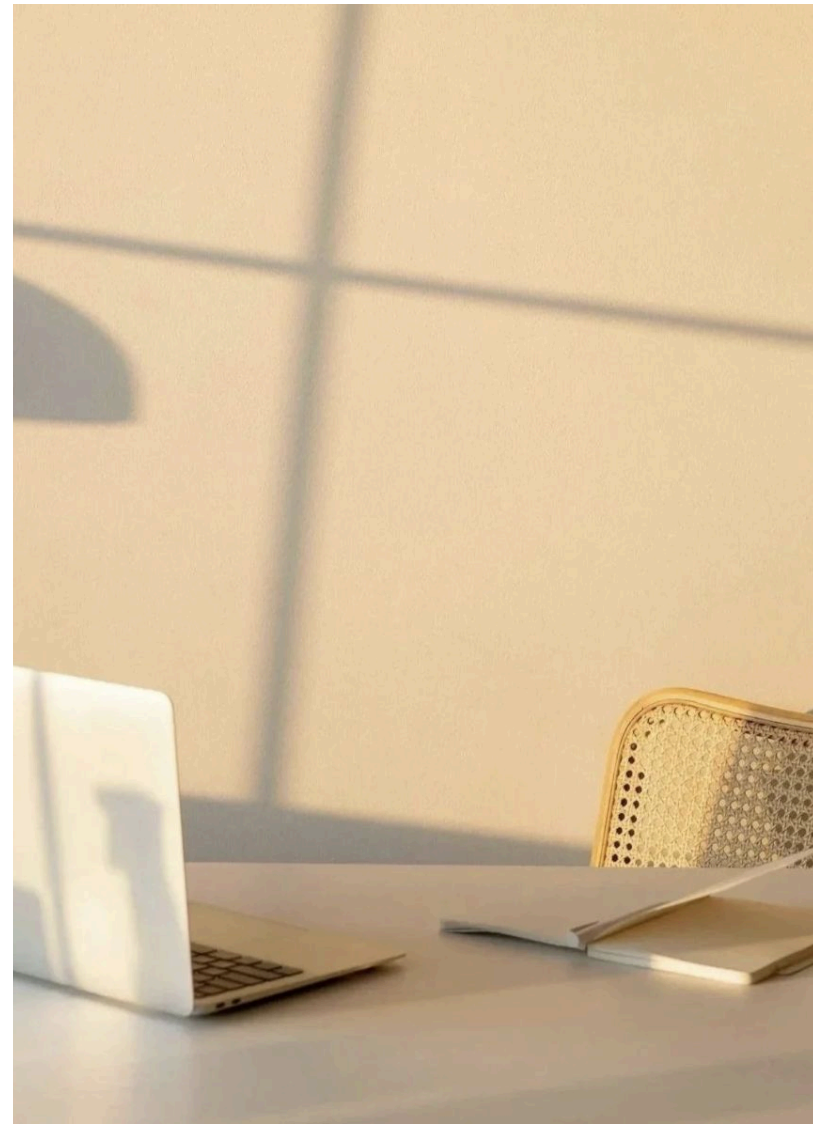

We believe in the honesty of what we bring into your home, materials chosen for their quality and their longevity, and the artisans around the world whose hands shaped them. To us, integrity means care, for the people who make what we source, and for the practices behind how it is made.

08 SERVICE

STYLING

The bones of your home set the stage. But it's the furnishings and accessories that bring it to life. We treat soft goods like art, layering in refinement, softness, and personality. Furnishings bring texture, movement, color, and character, and we source with your whole home in mind, so nothing feels disconnected or like an afterthought.

You'll receive detailed presentations with shoppable links throughout. And with a wide network of trade partners, we bring a truly one of a kind perspective to the pieces you won't often find anywhere else.

- furniture scale & placement
- paint & color consulting
- furniture, textile, art & object sourcing
- purchasing schedules
- shoppable presentations
- styling services

A LA CARTE

PHOTO-REALISTIC RENDERINGS $250 EA

See your space before it's built. Photo quality renderings help you move forward with confidence in your investment.

LIGHTING & ELECTRICAL PLANS FLAT RATE

A complete plan your electrician can price and build from, designed around how you actually live in each room.

YOUR PLAN SET INCLUDES

- Reflected ceiling plan with every architectural & decorative fixture
- Switching and dimming plan
- Outlet and USB locations

Plans show design intent. Your licensed electrician confirms code and load requirements.

10 GETTING STARTED

NEXT STEPS.

01 LET'S CONNECT

We begin with a conversation, either over the phone or virtually, where we get to know each other and confirm the fit feels right.

02 SITE VISIT

We'll meet in person to discuss your wishlist, priorities, lifestyle needs, and investment goals to ensure we're fully aligned before moving forward. This step helps define the scope of work.

03 PLANNING · INVESTMENT $350

We define the scope of work, outlining each space, the appropriate services, and the initial investment for the project. A detailed project estimate, along with our terms & agreement, will be shared for your review and approval.

04 AGREEMENT

Upon your agreement, an initial setup fee and retainer is required. This investment supports a follow up site visit where we capture digital images and scans used to inform project programming and develop precise as built models for the design process ahead.

05 PRE WORK

While the preliminary work is underway, we invite you to begin envisioning the possibilities for your space. Consider how you would like it to look, feel, and function in your daily life. You will receive access to our project management folder, a shared workspace where you may upload inspiration imagery, links, notes, or comments to help guide the direction of your project.

Once our initial review is complete, we will schedule a call to confirm alignment on the vision, expectations, and timeline. With this clarity in place, our design services will officially begin.

LET THE FUN BEGIN!

THE DESIGN PROCESS

HOW WE WORK TOGETHER.

Each project moves through a similar set of phases, and we'll meet every two weeks to review everything together and map out next steps.

01	PROGRAMMING	Where we capture as built measurements and get clear on how you live, what you need, and what you love.
02	LAYOUTS & ELEVATIONS	Floor plans, storage, and furniture layouts that make every room work before we talk finishes.
03	CREATIVE DIRECTION	The look and feel: palette and mood, pulled together into one clear vision.
04	SOURCING	First, the bones. We select your foundational furnishings, fixtures, and finishes through our trusted trade partners, the pieces everything else is built upon.
05	REFINEMENT	We fine tune every selection and detail. Because it's all in the details.
06	CONSTRUCTION DOCUMENTS	The drawings and specifications your preferred builder will install from.

WITH GRATITUDE

THANK YOU.

It is our sincere pleasure to share this experience with you, one where we hope to turn every question mark into an exclamation point.

We hold deep gratitude for your trust, your openness, and the story you've invited us to be part of. Thank you for welcoming us into your home, and into this next chapter of it.
